

CONSULTANT & CONTRACTOR MINIMUM REQUIREMENT GUIDELINES

Fire Services Guidelines

CONTRACTOR AND CONSULTANT REQUIREMENTS

All contractors and consultants must demonstrate the following:

- Evidence of participation in training programs, including safety training, to ensure knowledge and skills are kept up to date with industry changes and related standards
- Experience working on projects with complex infrastructure in campus-style environments, including client-controlled systems and services.

CONTRACTORS

Fire System contractors must demonstrate the following:

- Evidence of current Fire System Installation Certificate(s)
- Experience with systems in use at the University and integrated system commissioning
- Proprietary/vendor systems endorsements including vendor warranty.

CONSULTANTS

Fire consultants must demonstrate the following:

- Fire system experience with networked monitoring similar to that in use at the university
- Fire system related engineering qualifications and affiliations
- A minimum of 5 years' experience delivering services in a similar context
- Experience in delivering specific types of infrastructure integrated systems (e.g. AMPAC).
